Patent & Family Medicines.

RICHARD LEE & Co.

RESPECTFULLY inform the people of the United States, that they have removed their manufactory and wholesale store from Baltimore to New-York, where all orders addressed to them, will be promptly executed, if accompanied with cash, or drafts on New-York, Philadelphia, or Baltimore.

It is now nearly six years since the Medicines, underneath enumerated, were first offered to the public; during this period they have seen the numerous impositions of ignorant and avaricious pretenders, acquire an ephemeral existence, and pass unnoticed into oblivion. On the other hand, our remedies have, by firm steps, been constantly rising in the public esteem, and acquiring a more extensive range of celebrity. At most of the places of sale, pamphlets may be had gratis, describing at large, the properties and uses of the medicines, with testimonies of their efficacy, from the pens of well known physicians, divines, lawyers, and statesmen; as well as from the equally respectable artisan, the merchant and the farmer.

Richard Lee & Co. are inclined to send their medicines, on a liberal commission, to a respectable and established storekeeper in every town in the United States, where a Newspaper is printed, in which they can be announced for sale. Attention will be paid to applications from such places, where venders are not yet appointed; but it must be premised, that correct attention to periodical settlements is required—and that a reference to some Mercantile house, in one of the principal cities, would be pleasing.

INTERESTING.

LETTER from the Honorable A. C. Hanson, Esq. Chancellor of the state of Maryland.

To the Editor of the Maryland Gazette.

SIR—For the good of the public, as well as from a desire to do justice to a man of merit and genius, I request you to publish the following cases.

A young man in my family, who had read Dr. Hamilton's advertisement, and who had, for some time, as he says, experienced the symptoms described by the doctor, as indicating the presence of worms in the human stomach or intestines, resolved, without consulting any person whatever, to try the doctor's remedy.

He accordingly procured a box of the Lozenges. Last evening he took 4 of the yellow, and this morning he took an equal number of the brown kind. They did not, as he says, operate harshly, except one stool, when he felt a considerable griping, and when there came from him a worm, perfectly white, about a yard in length, as broad as his little finger, and having a number of joints, about an inch or a 1-4 of an inch distant from each other.

Besides this worm, he says there came from him a considerable number of flat worms, about 3-4 of an inch in length and nearly the the same in breadth. He did not think of counting them, but he says there were more than 20.

I regret extremely that I had not an opportunity of seeing the tape worm; the young man not having, as he ought to have done, taken measures for preserving it, and the simple servant girl, who attended his chamber, having, before I had heard of his taking the medicine, thrown it and the other worms into the necessary, not thinking it of consequence to take care of them. The girl, however, and another servant concurs with him respecting the worms which appeared in the vessel; and the tape worm, they say, was alive, so far as to have motion, after it came from him.

It is needless to describe his symptoms, as he says they were exactly such as are described by the doctor.

Another young man of my family also, without any consultation or advice, one evening, and morning about three months ago, took 7 Lozenges which operated powerfully. No worm came from; but in the course of 2 or 3 days he was quite well; and has since had a considerable accession of flesh and strength.

In short, although I, like many others, have been incredulous with respect to the virtue of Hamilton's Lozenges, I am at length perfectly convinced of their great efficacy and utility.

As I cannot reasonably be supposed to have any motive, except a consideration for public good, for publishing these cases, I flatter myself that I shall not incur ridicule or censure from unthinking men, for adding my second hand testimony to the evidence of the numerous respectable characters who have aimed to render justice to Dr. Hamilton (with whom I have not the slightest acquaintance) and to give important information to their fellow creatures.

I think it not amiss to add, that, from the healthy appearance of the young man, who as been so greatly and quickly relieved, I should have ridiculed his symptoms and apprehensions had he communicated them to me before he took the Lozenges. The fact, I am persuaded, is, that most young persons, who are, from time to time, disordered, without a visible or apparent cause, are afflicted by worms.

Valuable Medicines.

The Public are respectfully informed that LEE & CO. and the Agents of their appointments, will in future keep a constant supply of the following Medicines, which are in high esteem and general use throughout the United States, many of them being sold cheaper than the Drugs of which they are compounded, could be purchased at a retail store.

HAMILTON's ELIXIR;

A sovereign remedy for Colds, obstinate Coughs, Asthmas, Sore Throats, and approaching Consumptions.

To Parents who may have Children afflicted with the HOOPING COUGH,

THIS discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorders to which children are liable; the Elixir is so perfectly agreeable, and the dose so small that no difficulty arises in taking it.

Mr. Charles Myers, Hampstead Hill, near Baltimore, had been a long time dangerously indisposed, and was reduced to the lowest state of weakness, insomuch that his recovery appeared doubtful. His complaints, which seemed to be affections of the breast and lungs, and general debility occasioned thereby, yielded little, but rather progressed under the treatment of several eminent physicians; when by the use of Hamilton's Elixir, his distressing cough was immediately alleviated, and every other symptom rapidly subdued. Four or five bottles entirely removed his complaints, and restored him to an excellent state of health and strength which he has for upwards of 2 years past enjoyed without interruption.

From LUTHER MARTIN, Esq. Attorney General of the State of Maryland.

GENTLEMEN,

I comply with your request in stating my opinion of Hamilton's Elixir—it has been used in my family for two or three years past, with uniform success, whenever colds, coughs, or similar complaints have rendered medicine necessary—I have myself found it an excellent and agreeable remedy for a very painful and troublesome affection of the breast, accompanied with soreness and with obstructed and difficult breathing.

On these accounts I do not hesitate to recommend Hamilton's Elixir, as a valuable medicine, and deserving public attention.

LUTHER MARTIN.

Mr. Alijah Henly, Bridge-street, Baltimore, was cured by one bottle of Hamilton's Elixir, of a very complicated disorder, occasioned by a severe cold, caught several months ago—He breathed with the greatest difficulty, and was often thrown into weakning sweats when he attempted to walk any distance, and his voice would frequently fail in such a degree that he could only attempt to whisper; he has been upwards of six weeks without a return of his complaints, and desires to give his public testimony in favor of this invaluable medicine.

☞ Mrs. Elizabeth Jones, South Howard street, was greatly relieved of an asthmatic complaint of several years standing, by the first bottle of Hamilton's Elixir—and by the use of five bottles she has acquired a degree of ease and strength to which she had been long a stranger. She had taken balsam of honey, Church's cough droops, and other medicines, without any benefit, and sometimes to the evident injury of her breathing.
