Patent & Family Medicines.

RICHARD LEE & Co.

RESPECTFULLY inform the people of the United States, that they have removed their manufactory and wholesale store from Baltimore to New-York, where all orders addressed to them, will be promptly executed, if accompanied with cash, or drafts on New-York, Philadelphia, or Baltimore.

It is now nearly six years since the Medicines, underneath enumerated, were first offered to the public; during this period they have seen the numerous impositions of ignorant and avaricious pretenders, acquire an ephemeral existence, and pass unnoticed into oblivion. On the other hand, our remedies have, by firm steps, been constantly rising in the public esteem, and acquiring a more extensive range of celebrity. At most of the places of sale, pamphlets may be had gratis, describing at large, the properties and uses of the medicines, with testimonies of their efficacy, from the pens of well known physicians, divines, lawyers, and statesmen; as well as from the equally respectable artisan, the merchant and the farmer.

Richard Lee & Co. are inclined to send their medicines, on a liberal commission, to a respectable and established storekeeper in every town in the United States, where a Newspaper is printed, in which they can be announced for sale. Attention will be paid to applications from such places, where venders are not yet appointed; but it must be premised, that correct attention to periodical settlements is required—and that a reference to some Mercantile house, in one of the principal cities, would be pleasing.

170,038 Acres of Land.

THIS body of land, in one entire and inclusive survey, is offered for sale to any individual or company, who may incline to purchase for the purposes of settlement and emigration. It is situated in the state of Virginia, on the Great Kenawha River, Montgomery county, and is distinguished by the name of "The Great Bent of the Kenawha," being intersected by the Piney river, Great and Little Bluestone rivers, Coal river, and Guyandot river, as also by numerous other creeks and waters, running into said rivers Numerous mill-seats, inexhaustible bodies of coal, and great appearances of ores, metals, salt springs and salt licks, are to be found on this tract, besides which, sugar may be made thereon to any amount, the sugar tree and bouing in almost every part.

For fertility of soil, growth of timber, fitness for cultivation, salubrity of climate, and natural advantages, this body of land stands unrivalled by any tract of equal quantity in Western America; it will be submitted for sale to an entire purchaser, until the first day of June next, on very advantageous terms; after which, it cannot be disposed of at any price the present proprietor being compelled to a division thereof. An indisputable title will be given, and for further particulars, as to terms of sale and payment, enquire of JOHN BECKLEY, Esq. Doctor FENDALL,

Having just arrived in the City of Washington, takes the liberty to intimate to the Inhabitants of the City of Washington, George-Town, and their vicinage, that he means to exercise his skill in the line of his profession, for a few weeks, and may be spoke with at Mr. Stelle's Hotel.

The Doctor's knowledge of the natural history of the human teeth—their adjacent parts, and the disorders to which they are subject, acquired by assiduous attention, unremitted study, and experience of an extensive and successful practice for upwards of twenty eight years, will, he hopes, entitle him to the confidence of all those who wish to employ him.—He fondly flatters himself he has it happily in his power to appeal without fear to such as have been his patients in the states of Maryland, Virginia, &c. for that degree of reputation which his conduct as a dentist has merited, and given him just claim to. The doctor hopes at least he is considered as entitled to the highest grade among those of his profession in this country.

The Doctor entreats leave to offer to the public his Columbian anti scorbutic Dentifrice for preserving the teeth, gums, sockets, &c. a dentifrice infinitely superior (he thinks) both in elegance and efficacy, to any thing hitherto used for the teeth and gums. It renders the breath sweet and agreeable, is a powerful anti scorbutic, and free from any corrosive quality whatever.—No family, and especially where there are children, should be without this excellent and valuable preparation, which doctor FENDALL avers to be productive not only of those effects and consequences as a sovereign Dentifrice and remedy for the disorders of the teeth and gums, but will also prevent them.

This admirable dentifrice is still sold (only by Doctor FENDALL) at the moderate price of one dollar a pot with directions.

INTERESTING.

LETTER from the Honorable A. C. Hanson, Esq. Chancellor of the state of Maryland.

To the Editor of the Maryland Gazette.

SIR—For the good of the public, as well as from a desire to do justice to a man of merit and genius, I request you to publish the following cases.

A young man in my family, who had read Dr. Hamilton's advertisement, and who had, for some time, as he says, experienced the symptoms described by the doctor, as indicating the presence of worms in the human stomach or intestines, resolved, without consulting any person whatever, to try the doctor's remedy.

He accordingly procured a box of the Lozenges. Last evening he took 4 of the yellow, and this morning he took an equal number of the brown kind. They did not, as he says, operate harshly, except one stool, when he felt a considerable griping, and when there came from him a worm, perfectly white, about a yard in length, as broad as his little finger, and having a number of joints, about an inch or a 1-4 of an inch distant from each other.

Besides this worm, he says there came from him a considerable number of flat worms, about 3-4 of an inch in length, and nearly the same in breadth. He did not think of counting them, but he says there were more than 20.

I regret extremely that I had not an opportunity of seeing the tape worm; the young man not having, as he ought to have done, taken measures for preserving it, and the simple servant girl, who attended his chamber, having, before I had heard of his taking the medicine, thrown it and the other worms into the necessary, not thinking it of consequence to take care of them. The girl, however, and another servant concurs with him respecting the worms which appeared in the vessel; and the tape worm, they say, was alive, so far as to have motion, after it came from him.

It is needless to describe his symptoms, as he says they were exactly such as are described by the doctor.

Another young man of my family also, without any consultation or advice, one evening, and morning about three months ago, took 7 Lozenges, which operated powerfully. No worms came from; but in the course of 2 or 3 days he was quite well; and has since had a considerable accession of flesh and strength.

In short, although I, like many others, have been incredulous with respect to the virtue of Hamilton's Lozenges, I am at length perfectly convinced of their great efficacy and utility.

As I cannot reasonably be supposed to have any motive, except a consideration for public good, for publishing these cases, I flatter myself that I shall not incur ridicule or censure from unthinking men, for adding my second hand testimony to the evidence of the numerous respectable characters who have aimed to render justice to Dr. Hamilton (with whom I have not the slightest acquaintance) and to give important information to their fellow creatures.

I think it not amiss to add, that, from the healthy appearance of the young man, who as been so greatly and quickly relieved, I should have ridiculed his symptoms and apprehensions had he communicated them to me before he took the Lozenges. The fact, I am persuaded, is, that most young persons, who are, from time to time, disordered, without any visible or apparent cause, are afflicted by worms.

A. C. HANSON.
