LETTER

From the Secretary of the Treasury,

Transmitting a statement of goods, wares and merchandise, exported from the United States, during one year prior to the first day of October, 1804. also, two additional statements marked A and B, exhibiting the respective value of the several species of articles of domestic produce, exported during the years, ending on the 30th day of Sept. 1803, and 1804.

Treasury Department, Feb. 26th, 1805.

SIR,

I have the honor to transmit herewith a statement of goods, wares and merchandize, exported from the United States, during one year prior to the first day of October, one thousand eight hundred and four, and amounting to seventy-seven millions, six hundred and ninety-nine thousand, and seventy-four dollars.

The goods, wares, and merchandize of domestic growth or manufacture, included in this statement, are estimated at forty-one millions, four hundred and sixty-seven thousand, four hundred and seventy-seven dollars; and those of foreign growth or manufacture, at thirty-six millions, two hundred and thirty-one thousand, five hundred and ninety-seven dollars.

Two additional statements, [A] and [B] have been prepared for the purpose of exhibiting the respective value of the several species of articles of domestic produce, exported during the years ending on the 30th days of September 1803 and 1804. The returns heretofore received from the collectors are not, however, sufficiently particular in that respect, to render those statements altogether correct.

I have the honor to be, very respectfully,
Sir,
Your obedient servant,

ALBERT GALLATIN.

The honorable the Speaker of the House of Representatives.

A STATEMENT

Mr. M'Cormick respectfully notifies his parishioners, that they may expect Divine service next Sabbath, in the Church New Jersey Avenue, at 11 o'clock, A. M.

Capt. Mitchel, of the schooner Paragon, who arrived at New-London, from Bayonne, in France, informs, that on the 20th of December, Mr. Monroe, American minister extraordinary, passed thro' that place, on his way from Paris to Madrid.

New-York, March 2.

Foreign News—By the Flora, in 36 days from London, we have received at the office of the Morning Chronicle a supply of London papers to the 17th January inclusive, from which we make copious and interesting extracts. The most material intelligence is the overture for peace made on the part of France, which is referred to in the king of G. Britain's speech.

The conduct to be pursued by England in consequence, produces much speculation, but that part of the king's speech which declines negociation until other powers in Europe shall be consulted, with the general tenor of the speech, does not appear to favor the idea of peace being concluded. The French Official Expose, some material parts of which we give, seems to warrant the same opinion.

Vigorous preparations for prosecuting the war with France and Spain, are still making by Great Britain. Ten thousand additional seamen and marines are, it is stated, to be immediately raised.

[*Want of room prevents our giving in this paper the articles alluded to above, as well as some others of considerable interest.*]

Sec. 2. *And be it further enacted,* That the commissioners appointed to ascertain the claims to lands in the above mentioned territory, east of Pearl river, shall be authorised to grant certificates for lands lying in the Island known by the name of Nanuce Hubba, formed by the cut off of the river Tombigbee and Alabamaha; and persons having claims for lands lying either in said island, or east of the Tombigbee and Alabamaha rivers, shall be permitted to file the same with the register of the land office till the first day of May, one thousand eight hundred and five; and the commissioners shall decide on the same, in the same manner as if they had been presented before the thirty first day of March, one thousand eight hundred and four.

Sec. 3. *And be it further enacted,* That each of the last mentioned commissioners shall be allowed at the rate of six dollars a day for every day he shall attend, subsequent to the first day of April, one thousand eight hundred and five: Provided that such additional allowance shall not exceed five hundred dollars for each commissioner.

Sec. 4. *And be it further enacted,* That the clerk of each of the boards of commissioners appointed to ascertain the claims to lands in the above mentioned territory, shall be allowed at the rate of seven hundred and fifty dollars a year, from the time when he entered on the duties of his office, to the time when the board shall adjourn sine die.

Sec. 5. *And be it further enacted* That persons claiming lands in the Mississippi territory, by virtue of British grants, legally and fully completed, who may not have filed their claims with the proper register of the land office, in conformity with the provisions heretofore made for that purpose, may, until the first day of December, one thousand eight hundred and five, file such claims with the register of the land office west of Pearl river, and have the same recorded. And the said register shall, on or before the first day of January, one thousand eight hundred and six, make to the secretary of the treasury, a full report of all the British grants thus recorded; which report shall immediately after be laid before Congress. The lands contained in such grants shall not be otherwise disposed of until the end of one year after that time. And if any such person shall neglect to file such British grant, and to have the same recorded, in the manner and time hereby provided, neither such grant nor any other evidence of such claim, which shall not have been recorded as above directed, shall ever after be considered or admitted as evidence in any court of the United States, against any grant derived from the United States, or against any title, legally and fully executed, derived from the Spanish government;—any act or acts to the contrary notwithstanding.

Valuable Lands for Sale.

By order of the court of Calvert county, will be exposed to PUBLIC SALE, the following lands the property of the heirs of capt. Walter Smith, *deceased:*

ON Monday the 1st day of April next, will be sold, on the premises, the plantation on which the said capt. Walter Smith formerly resided, containing, by actual survey, 1225 1-8 acres of Land, lying adjoining on Patuxent river, bounded on the southwest by the said river, on the east by a fine navigable creek called Saint Leonard's creek, so that one and a half miles of fencing will enclose the whole Land. The soil of this Land is equal if not superior to any on Patuxent, either for farming, planting or grazing, and in their season the greatest plenty of fine fish and oysters may be had either from the river or creek. A great part of the above Land is covered with cedar fit for posts or fencing.

On Tuesday the 2d, on the premises, will be sold, one other plantation in the forest, at about two miles distance from the former, containing, by survey, six hundred and twenty seven and one half acres of Land, the greater part of which is covered with hickory, chesnut and oak wood, and a great proportion of swamp Land, which, at a trifling expence, might be converted into valuable meadow, belongs to this Land. And,

On Thursday the 4th, on the premises, will be sold, one other plantation, lying adjoining on Chesapeake Bay, bounded on the northeast by the said bay, on the north by a creek called Parker's creek, containing, by survey, 536 1-2 acres of Land; on this Land there are a great proportion of marsh and meadow Land, and a great abundance of fine timber.

It is thought needless to give a fuller description of the above Lands, as it is presumed that those who wish to purchase will view the Lands previous to the day of sale, and on application to Mr. John Turner, who resides near the two first mentioned tracts, they may see the plots of the different tracts of Land, and will shew the Lands contiguous to him, and Mr. Richard Hance, who resides on the last mentioned tract, will shew the outlines of the same to any person wishing to view it.

The above Lands will be sold either in the whole, or be divided into parcels, as may appear most advantageous for the heirs.

The purchasers to give bonds, with approved securities, for the purchase money, to be paid in three annual payments, the interest to be paid yearly, and on the ratification of the sale by the court, and a full payment of the purchase money, and interest thereon, a deed of conveyance will be executed to the purchaser, agreeably to an act of assembly in such cases made and provided.
