RAN AWAY from the subscriber some time in June 1800. a negro woman named Rynar about 25 or 30 years old, about five feet high, dark complexion, speaks good English, and is very artful. Rynar is a very good cook, and sews with her needle equal to most women—Rynar was raised by Mr. Dent and sold from that estate to Mr. Robertson, and he sold her to Mr Ben. Sothern, who sold her to me—It is likely she has scars on her back, as she has been severely whipped. has a husband who is known by the name of free Joe or Joe Wood—He very often works in the city of Washington, and it is likely Rynar is near that place. Rynar has a sister very like herself who was set free and lives with Mr. Addison near Grub town—Rynar is sometimes in the neighborhood of Mr. Samuel Molton's in Charles county who has her brother. The above reward will be paid to any person that will lodge said negro in any jail and give information to Mr. J. B. Dent of Charles county, or Mr. Joseph Turner of Port Tobacco who will give information thereof to me by a letter directed to Messrs. Haile and Sims Union Courthouse South Carolina, and the money paid as soon as I can get her and take her out of jail.

Doctor FENDALL.

Having just arrived in the City of Washington, takes the liberty to intimate to the Inhabitants of the City of Washington, George-Town, and their vicinage, that he means to exercise his skill in the line of his profession, for a few weeks, and may be spoke with at Mr. Stelles Hotel

The Doctor's knowledge of the natural history of the human teeth—their adjacent parts, and the disorders to which they are subject, acquired by assiduous attention, unremitted study, and experience of an extensive and successful practice for upwards of twenty eight years, will, he hopes, entitle him to the confidence of all those who wish to employ him.—He fondly flatters himself he has it happily in his power to appeal without fear to such as have been his patients in the states of Maryland, Virginia, &c. for that degree of reputation which his conduct as a dentist has merited, and given him just claim to.—The doctor hopes at least he is considered as entitled to the highest grade among those of his profession in this country.

The Doctor entreats leave to to offer to the public his Columbian anti scorbutic Dentifrice for preserving the teeth, gums, sockets, &c. a dentifrice entirely superior (he thinks) both in elegance and efficacy, to any thing hitherto used for the teeth and gums. It renders the breath sweet and agreeable, is a powerful anti scorbutic, and free from any corrosive quality whatever.—No family, and especially where there are children, should be without this excellent and valuable preparation, which doctor Fendall avers to be productive not only of those effects and consequences as a sovereign Dentifrice and remedy for the disorders of the teeth and gums, but will also prevent them.

This admirable dentifrice is still sold (only) by Doctor Fendall at the moderate price of one dollar a-pot with directions.
