PROPOSALS
FOR PUBLISHING BY SUBSCRIPTION,

A MAP OF VIRGINIA,

Formed from actual Surveys, and the latest as well as most accurate observations.

BY JAMES MADISON, D. D.
President of William & Mary College.

To which will be added
A MAP
Of the greater part of the state of OHIO, from actual surveys, including the whole of the Virginia Military tract; with all that part of the state west of the Ohio river, to the Indian boundary line.

The North-east corner of the map will be ornamented with an interesting VIEW OF THE CITY OF RICHMOND.

The size of the Map will be 5 feet 6 inches in length, and 3 feet 8 inches in breadth. An ingenious and skilful engraver is engaged to execute the work, in a style not inferior to any similar work in the United States.

CONDITIONS.

The price to subscribers will be eight dollars, neatly mounted, colored, and glazed. One dollar, (to lighten the great expence of publication) to be paid on subscribing.

To non subscribers, the price will be ten dollars.

Copy right secured.

IN offering the above work to the public, the proprietors are sensible that excellence is not often attainable; but with candor and truth, equally remote, from arogance and partiality, they can say, that they conscientiously believe it has a just claim to the confidence and patronage of the people.

A map of Virginia has been long and anxiously looked for: None has been published, on the plan of the one now offered, for many years.

The labor, expence, and apparent difficulties, in accomplishing so interesting a work, have deterred several from the arduous undertaking. The proprietors, finding that most of the other states had recently given encouragement to similar productions, and entertaining a high sense of the real dignity and importance of Virginia, embarked in the business, from a well grounded belief, that the magnitude and utility of the work, would insure, if accomplished, a remuneration. And while Virginia is powerfully stimulated with the love of science and virtue, they hope and believe she will view domestic productions, which prove pre-eminently useful, with a generous pride.

Those gentlemen who take subscription papers, are requested to return them to the subscriber, in Petersburg, by the first day of May.

The maps will be ready for subscribers, in the course of the ensuing summer.

BY THE PRESIDENT OF THE UNITED STATES.

WHEREAS by the first article of the terms and conditions declared by the President of the United States on the 17th day of October, 1791, for regulating the materials and manner of buildings and improvements on the Lots in the City of Washington, it is provided "that the outer and party walls of all houses in the said city shall be built of brick or stone." And by the third article of the same terms and conditions it is declared "that the wall of no house shall be higher than forty feet to the roof in any part of the city, nor shall any be lower than thirty five feet on any of the Avenues. And whereas the above recited articles were found to impede the settlement in the city, of mechanics and others, whose circumstances did not admit of erecting houses authorised by the said regulations, for which cause the operation of the said articles has been suspended by several acts of the President of the United States, from the fifth day of June, in the year 1796, to the first day of January next—and beneficial effects arising from such suspensions having been experienced, it is deemed proper to revive the same with the exception hereafter mentioned.

Wherefore, I THOMAS JEFFERSON, President of the United States, do declare that the first and third articles above recited shall be, and the same are hereby suspended until the first day of January, in the year one thousand eight hundred and six, and that all houses which shall be erected in the said city of Washington previous to the said first day of January, in the year one thousand eight hundred and six, conformable in other respects to the regulations aforesaid, shall be considered as lawfully erected, except that no wooden house covering more than three hundred and twenty square feet, or higher than twelve feet from the sill to the eve shall be erected, nor shall such house be placed within twenty four feet of any brick or stone house.

Given under my hand the twentieth day of December, 1804.

TH: JEFFERSON.

Dec. 24—1awtA

I DISCOVERED a few day since (in the Telegraphe) a challenge by Samuel Norwood, Esq Bonaparte against Democrat—

At Annapolis this fall, I proposed running Democrat against Bonaparte, carrying from 110 lbs to 140 at the discretion of Mr. Norwood; which was rejected. As Mr. Norwood refused the propositian made by me at that time, I am not bound to run the race proposed by him in the Telegraphe—Democrat will run Bonaparte over the Anapolis race course, on the third Tuesday in May next, four miles and repeat, for 1000 DOLLARS, play or pay, carrying 126lbs. each; which is the weight they are to carry by the rules of racing, both being seven years last spring—Should Mr. Norwood decline this offer, Democrat will cover mares next spring at the subscribers farm, from the first day of March until the first day of August, at Sixteen dollars each and Fifty cents for the groom. Democrat's pedigree is equal to the pedigree of any horse to be produced, having in him the blood of Medly, Eclipse, Figure, Dove, Godolphin, Arabian, and Mr. Taskin's Selima.

If this proposition is approved of by Mr. Norwood, notice will be given in the Maryland Gazette within forty days from the date hereof.
