Valuable Lands and Lots

FOR SALE.

I Will sell, on liberal terms of payment, to accommodate purchasers, the following Property, bequeathed to me, in trust with power to sell, by the late Mr. Thomas Dick, of Bladensburg, viz.

THE valuable FARM which he had in his own possession, and lands adjoining thereto, containing in the whole upwards of 1300 acres. These lands are situated to the northward of Bladensburg, on the Eastern Branch of Potowmak river, about three miles distant from that town, on a fine level road. From Bladensburg to the City of Washington, by land, the distance is about four miles, and by water five; and the Eastern Branch is navigable for large craft to said town. There is a great abundance of wood on the lands, and they are well watered in every respect; have a considerable quantity of rich bottom, some of which is already in grass. The improvements on the farm are good, and the whole under good fences. These lands can conveniently be laid off into three parcels, with improvements to each, and will be sold together or separately.

Part of a tract of Land, called Hills and Dales, lying in Montgomery county, on the north-west branch of the Eastern Branch of Potomak, about six miles from Bladensburg, and about the same distance from Washington, containing 70 1-4 acres.

Part of another tract, called Crawford's Adventure, lying to the south east of Bladensburg, nearly adjoining the town, and adjoining the lands of the late Richard Henderson, esq containing 160 acres all in wood. And 83 1-2 acres of valuable Marsh and low land, on the said Eastern Branch, about half a mile below that town, and adjoining the said lands of the late Mr. Henderson.

The House and Lot in Bladensburg, on which the late Mr. Dick resided, containing about six acres; this is one of the best situations in the town, is generally admired, and commands a very extensive view. There is a good garden icehouse, stable, and all other offices necessary for the accommodation of a private family, and the lot and garden properly inclosed, and all in good order. Should this house, &c. not be sold previous to the 1st of December, it will then be to rent.

One other lot or parcel of ground, adjoining the town lots, near the above mentioned house, and contiguous to the residence of Richard T. Lowndes, esq. containing 9 3.8 acres.

Also, Lot No. 7, in square No. 704, in the City of Washington, being the north-east corner of that square, containing 9588 square feet.

A further description of the property is considered unnecessary, as persons inclined to purchase will doubtless satisfy themselves by viewing the same. Mr. John Hugh, at present residing in Bladensburg, will shew the property, and the terms may be particularly known on application to him, or to

JOHN LAIRD, Trustee.

N. B. I hold 246 1.2 acres of Land, adjoining the above mentioned tract of Hills and Dales, which may be advantageous and desirable for the purchaser of the latter to have—and I will sell the same on similar terms.

LECTURES.

IN a science so various and complicated as the present system of the LAW, nothing which tends to facilitate the progress of the student can be deemed useless It is with this view that the subscriber proposes to deliver during the winter, (and if suitable encouragement offers, annually)

A COURSE OF LECTURES,

On Education, Belles Letters, Composition, History and Law.

The subscriber means to divide the same into two distinct courses. The object of the division is, that young gentlemen who are designed to fill stations in active life, distinct from those of the learned professions, may resort to that course of lectures which will be delivered without a relation to the Law, which will be the sole foundation of the other.

If the plan should meet with success, the subscriber contemplates furnishing, next winter, a handsome Library, for the use of such gentlemen as feel desirous of patronising the undertaking.

The municipal laws of each state will then be provided—That students at law from any part of the United States will find it their interest to repair to the Metropolis, to pursue their studies; where they will have the advantage of attending the Congressional debates.

The facility of access which the houses of Congress offer, is a circumstance peculiarly advantageous to the student, and the youthful pleader, not only from the light which [is] thrown in the course of debate on controverted questions of law; not only to be derived from witnessing the eager contests, the vigorous attacks, the wary methods of defence, exhibited by men of the most conspicuous talents, rivals alike in abilities and interest but especially from this consideration, that the speakers are, in general, exempted by the nature of their functions, from those defects to which pleaders are peculiarly exposed.

The Lectures will commence the first wee[k] in December next, and continue until twelve distinct Lectures in each course shall have been delivered.

The terms may be known by applica[tion] personally, or by letter. post paid to
