American Printed goods.

Calicoes, Shawls, Pocket Handkerchiefs, &c. manufactured by the ſubſcribers near Baltimore, and ſold at No. 13 Calvert ſtreet.

TO remove that diſtruſt often felt reſpecting new undertakings, and ſo prejudicial to manufacturing attempts in America, they think it proper to obſerve, that nothing is wanting in the buſineſs to enable good artiſts to perform their work here as well as in Europe. That they have theſe artiſts; that two of the partners were bred to the buſineſs in a factory of the beſt repute carried on by their father, long afterwards by themſelves. They truſt that while foreign goods are received without a queſtion, an unreaſonable ſuſpicion will not prevent their countrymen from giving that trial to their goods, which only can prove their value. Beſides a natural doubt, they know that certain intereſts, national as well as well as individual, will ſuggeſt objections to their undertaking. They have no difficulty in ſaying, that work of the like kind ſhall be as well executed here, as in other countries. The colors capable of being fixed will be found as permanent; the cloths perhaps better ſubſtance, and the prices lower than of the imported cottons.

BY THE PRESIDENT OF THE UNITED STATES.

WHEREAS by the firſt article of the terms and conditions declared by the Preſident of the United States on the 17th day of October, 1791, for regulating the materials and manner of buildings and improvements on the Lots in the City of Waſhington, it is provided "that the outer and party walls of all houſes in the ſaid city ſhall be built of brick or ſtone." And by the third article of the ſame terms and conditions it is declared "that the wall of no houſe ſhall be higher than forty feet to the roof in any part of the city, nor ſhall any be lower than thirty five feet on any of the Avenues." And whereas the above recited articles were found to impede the ſettlement in the city, of mechanics and others, whoſe circumſtances did not admit of erecting houſes authoriſed by the ſaid regulations, for which cauſe the operation of the ſaid articles has been ſuſpended by ſeveral acts of the Preſident of the United States, from the fifth day of June, in the year 1796, to the firſt day of January next—and beneficial effects ariſing from ſuch ſuſpenſions having been experienced, it is deemed proper to revive the ſame with the exception hereafter mentioned.

Wherefore, I THOMAS JEFFERSON, Preſident of the United States, do declare that the firſt and third articles above recited ſhall be, and the ſame are hereby ſuſpended until the firſt day of January, in the year one thouſand eight hundred and ſix, and that all houſes which ſhall be erected in the ſaid city of Waſhington previous to the ſaid firſt day of January, in the year one thouſand eight hundred and ſix, conformable in other reſpects to the regulations aforeſaid, ſhall be conſidered as lawfully erected, except that no wooden houſe covering more than three hundred and twenty ſquare feet, or higher than twelve feet from the ſill to the eve ſhall be erected, nor ſhall ſuch houſe be placed within twenty-four feet of any brick or ſtone houſe.

Given under my hand the twentieth day of December, 1804.

The ſubſcriber offers for

ſale a very valuable MILL SEAT, (the race of which is in part improved) with about twenty acres of handſome low ground annexed thereto, ſituated on the Shenandoah river three miles below the fork in the county of Frederic and ſtate of Virginia.

This property lies in the heart of a fine farming neighborhood, in which vaſt quantities of wheat and other grains, are annually raiſed. Its ſituation immediately upon the bank of the river, the navigation of which is rapidly progreſſing, its fine fall, and other natural advantages render it capable of being improved upon the moſt extenſive ſcale In the opinion of competent judges a ſufficient quantity of water can at all ſeaſons be drawn from the river to work machinery of any extent—This property is unqueſtionably worth the attention of men of capital. For terms and other particulars apply to the ſubſcriber in the ſaid county, near Stephenſburg, or to Mr. Mahlon Atkinſon in the ſame neighborhood. Mr. Atkinſon will be in the city of Waſhington a few days, and will receive propoſitions from any perſon who may incline to purchaſe. I DISCOVERED a few days ſince (in the Telegraphe) a challenge by Samuel Norwood, Eſq Bonaparte againſt Democrat—

At Annapolis this fall, I propoſed running Democrat againſt Bonaparte, carrying from 110 lbs to 140 at the diſcretion of Mr. Norwood; which was rejected. As Mr. Norwood refuſed the propoſition made by me at that time, I am not bound to run the race propoſed by him in the Telegraphe—Democrat will run Bonaparte over the Anapolis race courſe, on the third Tueſday in May next, four miles and repeat, for 1000 DOLLARS, play or pay, carrying 126lbs. each; which is the weight they are to carry by the rules of racing, both being ſeven years laſt ſpring—Should Mr. Norwood decline this offer, Democrat will cover mares next ſpring at the ſubſcribers farm, from the firſt day of March until the firſt day of Auguſt, at Sixteen dollars each and Fifty cents for the groom. Democrat's pedigree is equal to the pedigree of any horſe to be produced, having in him the blood of Medly, Eclipſe, Figure, Dove, Godolphin, Arabian, and Mr. Taſkin's Selima.

If this propoſition is approved of by Mr. Norwood, notice will be given in the Maryland Gazette within forty days from the date hereof.
