FORTY DOLLARS REWARD.

RANAWAY from the subscriber in February last, a handsome bright Mulatto Woman, named HELEN, twenty years old, of the middling size, her marks as far as recollected, are large breasts, thin visage, a scar, I think on the left side of her neck, occasioned by a cut; has a flat mole, I think, in her left hand, one on her forehead, and one between her breasts; sprightly spoken, quick turn of mind, and very capable of deception—it is useless to describe her dress, no doubt she will be well supplied with clothes and will try to pass for a free woman. Thirty dollars will be given if taken up in the district of Columbia, if farther, the above reward will be given if brought home to the subscriber living in the city of Washington, west of the President's house, all reasonable expences allowed. All persons are forwarned from harboring her.

DOCTOR P. J. GOVNYN,

OPERATING DENTIST,

RESPECTFULLY acquaints the ladies and gentlemen of Washington and Georgetown, that he intends to practice in both these places, for a few days, in all the various branches of his profession. His method of cleaning the teeth is allowed by hundreds to be easy and effectual, he removes the tartar (let the gums be in the tenderest state possible) without giving the smallest pain or incurring the slightest injury to the enamel, in cases where the front teeth are loose from the separation of the gums, or other causes, he makes them fast by bringing the gums to adhere closely to the teeth. He sets artificial teeth from one to an entire set with such nicety, so as to answer the useful purposes of nature, and to make it impossible to discern them from real ones—in cases of decayed teeth, his method of removing the decayed part and preventing further tendency to decay in the teeth, will be found to exceed any method yet practiced in this country.

Dr. C. being regularly bred to the practice of physic, and his long experience in the dentist business on the continent of Europe, France and Spain, enables him to flatter himself, that he will give every possible attention to those who favor him with their commands.—

Dr. C. may be consulted at Stelle's Tavern in Washington, on Thursdays, Fridays and Saturdays; at the Union Tavern in Georgetown on Mondays, Tuesdays and Wednesdays.

TO BE SOLD AT PUBLIC AUCTION,

AT Northumberland court house, in the county of Northumberland, and state of Virginia, on Tuesday the 5th of September next, at 11 o'clock in the forenoon, five contiguous plantations, amounting together to about 2,700 acres; situate on the river Potomac, and within about three miles of the court house. These estates formerly belonged to Presley Thornton, Esq. and are the same on which he lived. They have never been seen by either of the subscribers, but it is understood, that about 1700 acres of them are as valuable low grounds as any on the river, and a considerable part thereof heavily timbered. The uplands consist of about 1000 acres, and the whole is well calculated for the production of corn, wheat, tobacco, timothy and small grain of all kinds, in great abundance. The waters are said to abound with excellent fish, oysters and wild fowl. The water carriage is easy and convenient to Norfolk, Baltimore, Alexandria and the city of Washington; and as these estates possess several good mill seats, with an abundance of water and a plentiful supply of timber, they must be very valuable.

The premises will be shewn to persons inclining to purchase, by col. James Moore, who lives on them, or by Samuel Blackwell, Esq. who lives near to them; and the terms of payment may be known a sufficient time before the sale, by applying to either of them, or to THOMAS ROBINSON,

Circuit Court District of Columbia, County of Washington—June Term, 1809.

Richard Soderstrom, vs. Samuel Goodman, George Little and Josiah Quincy,	In Chancery.

THE object of the bill filed in this case, is to compel Samuel Goodman to pay to the complainant the sum of money alleged by the bill to be due to the complainant for a judgment obtained against the said Goodman in the island of St. Thomas', and the amount of commissions and expences due to said Soderstrom from said Goodman, and for monies disbursed by said Soderstrom for and on account of said Goodman. The bill states, that a decree in the supreme court of the United States was rendered in favor of said Goodman against said Little for a large sum of money on account of the capture of the brig Flying Fish and her cargo, the property of the said Goodman, a Danish Burgher of the Island of St. Thomas, by the said Little, commander of the United States ship of war, the Boston. That the said Little, after the decree was pronounced, petitioned and obtained from the United States a sum of money to cover said decree, and to be specifically applied to the payment thereof. That the said money was received by Josiah Quincey, the attorney of said Little, and sufficient to satisfy the complainants demands, has been stopped and enjoined in the hands of said Quincy, out of which the complainant demands to be satisfied his claims, and it appearing to the satisfaction of the court, that the said Little and Goodman respectively reside out of the district of Columbia and jurisdiction of this court. It is therefore ordered by this court, that the said Little and Goodman respectively be and appear in this court in person or by solicitor, on or before the fourth Monday of December next, to shew cause why a decree should not be passed as prayed, and that this order be published for four successive weeks in the National Intelligencer and United States Gazette before the first day of August next.

LAND TO SELL OR EXCHANGE.

I AM desirous to sell or exchange for lands lying below the Blue ridge, about 4000 acres of old Military land, situated in the county of Mason, state of Virginia, on the river Ohio, about 8 miles from the mouth of the Great Kanhawa. On a part of this land, intended to form a farm of 700 acres, and near the bank of the river, has lately been erected a single story framed dwelling, 40 feet by 20, with a stone walled cellar under the whole, rising 4 feet above the surface, which with little alteration might be made agreeable summer rooms. I will take for this land, as well as for a third part of 2000 acres on Kentucky river, and a third part of a military survey, in the forks of the Ohio and Tennessee, both valuable tracts all kinds of public securities or exchange as above.

ST. OSYTH contains by estimation seven hundred and fifty acres of Land, between seventy and eighty acres of which are meadow, now fit for the scythe, and capable of being made to produce an hundred tons of hay at a crop—about two hundred and fifty or three hundred are in wood and timber, and the residue arable. No place perhaps in America can be better watered or more healthy. The enclosures are new and in good order. Upon the same property and within a quarter of a mile is a small dwelling house with three rooms below and two above stairs, a kitchen, meat house and barn. This place at a small expence may be easily fitted up and made a most comfortable house for a small family. St. Osyth lies within four miles of the city of Washington, and about the same distance from the nearest ferry to Alexandria. If sold at private sale the lowest price for this valuable property is ten pounds an acre. UNITED STATES' DISTRICT OF COLUMBIA, COUNTY OF WASHINGTON, TO WIT:

In Chancery, December Term 1808.

Benjamin Stoddert and John Mason, versus *Thomas Waters Griffith, John R. Livingston, Jonathan Burrell, Gobault and Dodrey, James C. Montflorence, I. I. Picaud, James Davidson, Robert R. Livingston and Daniel Parker.*

THE bill states that the defendant Thomas Waters Griffith was the agent of the house of Taney and Simmond for the delivery of a cargo of flour belonging to the said Taney and Simmond to the French government—that the French government not being able to pay ready money for the said cargo the balance due thereon from the said government was placed to the credit of the said Griffith the agent, instead of being placed to the credit of the real owners Taney and Simmond; that the debt so due hath been liquidated under the Louisiana Convention in the said Griffith's name, for the sum of one hundred and ninety thousand two hundred and seventy francs French money of the value of 35,675 dollars; that the said Thomas Waters Griffith, now residing and for several years past having resided in Baltimore city in the state of Maryland well knowing all the circumstances mentioned in the complainants said bill, and that the debt aforesaid was liquidated in his name in Paris, under the Louisiana Convention, was in truth and in fact a debt due to the said complainants, as the trustees of Francis Lewis Taney, and Taney and Simmond, did execute a writing transferring all the interest of said Griffith in the said debt due to the complainants as trustees aforesaid; that notwithstanding the above circumstances the said Griffith did employ James C. Montflorence of Paris to receive for his own account and use the aforesaid debt which actually belongs to the said complainants as trustees aforesaid; & the said Montflorence did actually receive the bills of the Minister of the United States on the Treasury of the United States in part payment of the said debt in four sets of bills drawn in favor of said Thomas Waters Griffith, and which bills have been fraudulently endorsed by the said Montflorence with a view as the said complainants believe to defraud them the said complainants, and under a real or pretended power from the said Griffith, & as his attorney to the said I. I. Picaud, who endorsed the same over to John R. Livingston who has endorsed the same over to Jonathan Burrell, cashier of the Bank of Discount and Deposit at New York, who has endorsed them over to James Davidson, cashier of the Branch Bank of the United States in the city of Washington, who now holds the same for collection. The complainants further state that four other bills, for the balance of the aforesaid claim on the French Government, liquidated in the name of the said Griffith, but actually belonging to said complainants as trustees as aforesaid, have been drawn in favor of Gobault and Dodrey as transferees of Thomas Waters Griffith for thirty-thousand francs, French Money of the value of 5,625 dollars, which said four bills have also been sent to the aforesaid James Davidson and endorsed over to him for collection, in the same manner as in the case of the four other bills first herein recited. That all the aforesaid eight bills of exchange drawn by the American Minister at Paris on the Treasury of the United States under the Louisiana Convention for the debt liquidated in the name of Thomas Waters Griffith, are actually the property of said complainants as trustees aforesaid.

The object of the bill is to save and protect the said complainants from the fraud projected against them on the part of the said Thomas Waters Griffith, and his coadjutors, and to obtain a writ of injunction, directed to all the before-mentioned defendants, &c. and particularly to the said James Davidson enjoining him & commanding him, from paying over to any person besides the said complainants, the money that may be paid by the Treasury of the United States, in virtue of the said bills of exchange, and particularly enjoining the said James Davidson from paying the said money arising from the said bills or parting with the said bills, until the further order of this Court in the premises.

It is represented by the complainants that the said Thomas W. Griffith, John R. Livingston, Jonathan Burrell, Gobault and Dodrey, James C. Montflorence and I. I. Picaud, defendants in this cause, all reside out of the District of Columbia, and are not within the reach of the process of this Court.

And whereas further, in the supplemental bill filed in this cause, in which bill the said Robert R. Livingston and Daniel Parker are made defendants, reciting the substance of the said original bill, further states that Daniel Parker, a non-resident of the District of Columbia who resides in Paris in France was concerned in the fraudulent assignment of the bills of exchange mentioned in the said original bill, that the said Parker at the time he procured the assignment of said bills knew that the claim for which the same were drawn as liquidated in the name of Thomas W. Griffith was the bona fide property of the complainants, and had been properly before transferred and assigned to them, and also that the said Robert R. Livingston is not a resident of the said District of Columbia, but resides in the state of New York, and is the person really claiming the proceeds of the said bills, and prays that he may be made a party to said bill and compelled to answer to the facts stated in the original bill—Also that said Parker may state the circumstances, attending the pretended transaction between Picaud and Montflorence the defendants, whether he paid any consideration and what to Picaud & Montflorence, and whether he did not know, or whether he had not received notice of the complainants claim and right at the time of or before the said transfer. The object of the bill is to obtain a decree in favor of the complainants, ordering and decreeing the monies for which said bills are drawn, now in the hands of James Davidson, to be paid over to the said complainants as the assignees of Taney and Taney and Simmond, and to enjoin the defendants and each of them from paying over or receiving the same until the decision of the court in the premises.

It is therefore ordered that the complainants cause a copy of this order to be inserted in the National Intelligencer printed in the city of Washington, six weeks successively previous to the fourth Monday in December next, to the intent that the said defendants may have notice of this application, and of the object of this bill and to be warned to appear in this court in person or by solicitor on or before the said fourth Monday of December next, to shew cause, if any, why a decree should not pass as prayed.

By order WM. BRENT, Clk.
