EASY VACUUM ELECTRIC WASHER

Manufactured by Syracuse Washer Corporation, Syracuse, N. Y.

In the EASY VACUUM ELECTRIC WASHER a cushion of air in the vacuum cups, as they work up and down over your clothes, drives the hot suds through and through the mesh of the fabric, cleansing by air pressure and suction.

Your delicate laces and lingerie are handled with perfect safety. Yet bulky bath mats, blankets, and even rag rugs are not too much for it.

IT IS THE SCIENTIFIC WAY!

For the small or large family it is equally desirable—it will wash fourteen pounds of dry wash—ten sheets or equivalent in clothing, at a time.

IT IS THE WASHER OF EVERLASTING USEFULNESS.

Harnessing Air for Housework

On a windy day you've noticed the irresistible force of the air as it whips along its way.

Why not use that same force to lighten your everyday tasks and be rid of the back-breaking scrub-board and broom?

Let air—driven by electricity—take the drudgery out of your cleaning and washing days and give you more time for pleasanter occupations.

Cleaning With Air Saves Wear and Tear

Let us show you how easily these two modern household helps can lighten the burdens of housekeeping.

Convenient Monthly Payments if Desired.

AMERICA ELECTRIC VACUUM CLEANER

Manufactured by Wise, McClung Company, New Philadelphia, Ohio.

You will look forward to cleaning days with enthusiasm when you have an AMERICA ELECTRIC VACUUM CLEANER.

It cleans with air—good fresh air—drawn through your carpets, rugs or upholstery at high velocity. The extra powerful suction of the AMERICA does your cleaning like magic.

Lint, dirt and litter, all must yield to this cleansing rush of air aided by the divided spiral brush that will not clog.

You guide the AMERICA comfortably with a non-shock wooden handle, adjustable at any convenient height. It starts and stops with a touch of the foot.

"AMERICA"-nize your HOUSECLEANING.
