IRON WORKS

FOR SALE.

IN Wythe county state of Virginia, on Cripple Creek about 15 miles from the Great Kanhawa and 40 miles from the north fork of Holston which affords a tolerable safe navigation to a prodigious scope of the western country, where perhaps iron is in greater demand than any other quarter of the United States.

Cripple Creek affords a sufficiency of water for both forge and furnace, being fed by bold never failing springs. The furnace and all the buildings have been commenced within 4 or 5 years—they consist of dwelling houses, kitchens, and a store house; also, a large and convenient stable—the forge has no long been completed. It is supposed to be the best built forge in Virginia, being cut of choice timber fell'd at proper seasons and executed by a first rate forge carpenter from Pennsylvania. It works three fires and two hammers, is sixty feet long and fifty wide, well covered with joint shingles. There are between 7 and 800 acres of land attached to these works, some of it of excellent soil, and any quantity may be procured within 6 or 8 miles for from 1 to 8 dollars per acre.—The ore banks appear to be inexhaustible, lying within one mile o the furnace and good roads. From one of the banks the ore may be conveyed by water within 10 steps of the furnace, with the inconsiderable expence of 40 or 50 dollars.

The quality of the iron is acknowledged by those who have used it to be equal to any. It is particularly sought for by lock makers, saddle tree platers, cutlers, &c.

The demand for iron in that country is far beyond what is made, and is selling from 40 to 50l. per ton. I have no hesitation to say, contracts on not a very long credit can be had for almost any quantity yearly, as from that quarter a considerable portion of the western country is supplied.

As it is supposed a purchase of this magnitude would not be made, without a view of the property by those inclined to purchase, it is deemed unnecessary to give a further description.

Letters addressed to me at Abington, Virginia, will be duly attended to.

I will also sell my

SALT WORKS

On Holston in Washington county Virginia, which is now rented at 10,000 Dolls. a year. I have adjoining to it between 5 and 6,000 acres of land well covered with timber, a considerable proportion of which in point of fertility is equal to any land whatever, and will afford 3 or 400 acres of meadow, nearly 100 being now in good timothy. The buildings which are extensive are in a good state of preservation.

DANIEL CARROLL of Dud'n.

July 12—F&W1m.

I will sell upon a liberal credit, the following valuable property.

MY plantation on St. Charles's branch, containing 800 acres, about three miles from Upper Marlbro, and not more than one from Patuxent River.

Few plantations in Prince George's County combine greater advantages, or flatter an industrious man with better prospects of profit.

The situation of the dwelling house is elevated, pleasant and remarkably healthy.—The spring water, fine and abundant—The arrable land, extremely favorable to the growth of Tobacco, Corn and all kinds of small grain. The meadows, sure to remunerate, are extensive, and with proper management will produce two hundred tons of Hay annually—This plantation abounds with fire wood, rails, and fine timber, so distributed that little labor is required in making the necessary repairs, and much can be spared in the vicinity of a good market towards refunding the purchaser his money. In 1803 it produced 28,000 lb. of tobacco, with only 11 hands. The product would have been greater the next year, but for the succession of uncommon freshets. The dwelling, out houses, four tobacco houses and four quarters, are in good repair, and the plantation abounds with fruit trees.

The purchaser may be furnished with the negroes on it, about 20 in number, twelve of whom are working hands and of them eleven are men. Mules, horses, about sixty head of cattle, a waggon, a cart, and every necessary for carrying on said plantation.

Strawberry Hill, containing 180 acres within two miles of Upper Marlbro, on the post road leading from thence to the City of Washington. The soil is remarkably fertile and nearly one third may be made good meadow. The buildings are sufficient for a small family, who, with care and industry, would be sure to reap, on land, so congenial to the growth of tobacco corn, small grain and grass, the full benefit of their labor.

Its situation renders it a pleasing retreat to a gentleman of fortune, disposed to take the advantages it promises to health, and amuse himself with the cultivation of a small rich plantation, in a genteel neighborhood, at the distance of about 12 miles from the seat of the general government, to which the road is very level, and nearly equal to a turnpike.

Four hundred acres of land about 2 miles from Hancock in Washington County Maryland. About 40 acres of this land is cleared, and a small house on it; the balance heavily timbered, well watered and level, the post road from Hancock to Allegany passes through it; near the road about the centre of the land is a fine spring, well calculated to turn a saw mill, or to carry on a Distillery; timber may be easily taken from this land to Hancock, and from thence floated to the city of Washington, where it always commands a handsome price.

1 Lot in the City of Washington, sq. 652. No. 12 fronting 173 feet 7 inches on South North Street, and 55 feet 3 inches on half Street West.
