Maryland Election.

The Eastern Star states that from the complection of the members of the House of Delegates ascertained to be elected, it is probable there will be an equal number of the body for and against the bill for the abolition of the general court.

Thomas Jefferson, President of the United States, and his predecessor, *John Adams*, (says a late London paper under a Hague date) have been nominated members of the Society of Sciences of Harlem.

Tommasi, the Grand Master of Malta, is said to have died at Catanea on the 14th June last. An assembly of the Grand Chapter was immediately summoned, and the *Bailli Caracciolo* elected his successor.

In the crown which the emperor Napoleon presented to the *Pope*, are said to be diamonds which were formerly worn by the *Great Mogul.*

New-York, Oct. 15.

The account of the death of his Imperial majesty of Hayti, *John James Dessalines*, copied into this paper from the Petit Censeur a few days ago, is at least premature. We have in our possession the *Gazette Politique et Commerciale d'Haiti* of the 6th of last month, from which (if we have leisure) we shall give some translations in the Mercantile Advertiser to-morrow.

When the Hercules left Matanzies, it was currently reported that the Spanish government had ceded one half the island of Cuba to France.

We learn from Port au Prince, that the British have actually got possession of Cape Nichola Mole, where they have landed 1500 troops, and had laying off the harbour two frigates and a smaller vessel—And we also learn, that great jealousies subsist between the blacks and mulattoes of the Empire and that an insurrection is considered at no distant period. There was a well grounded opinion that Christophe would ere long become Emperor, as Dessaline's popularity was daily declining, and that of Christophe increasing. That some important change is about to take place in that quarter is very evident—how, or in what manner permanent tranquility is to be established is difficult to forsee—The probability is, that the whole Island will soon be again under the government of some European power.

Baltimore, October 17.

IMPERIAL DECREE.

JAQUES, by the grace of God and the Constitutional Law of the State, seeing, that by the clandestine and fraudulent departure of the ship Louisiana, there results a considerable prejudice to the interests of the state; and that it behoves him to devise means to repress similar abuse in future, decrees as follows;—To be executed throughout the whole extent of the state, and to date from the publication of the present decree.

ART. 1. All foreign captains on their arrival at any of the ports of the Island, shall be bound to give as security for his vessel, some commercial house Haytian or American, to be expressly commissioned for this effect, to which house he will make the deposit and entrust the sale of the cargo by him imported.

ART. 2. All captains of foreign vessels who shall not be consigned to one of the houses above mentioned, or who shall himself undertake the sale of his cargo, shall undergo the entire confiscation of ship and cargo.

ART. 3. Every commercial house, depository of a cargo, shall have his own securityship re-assured by two other houses of deposit which shall be, and remain perfectly accountable for the entire acquittal of all duties due the state by the vessel thus assured.

ART. 4. No commissioned house of deposit shall under any pretext whatsoever, refuse to re-assure a securityship when required, without incurring a penalty from government, the least of which shall be, a revocation of his letters patent, for deposit.

Done and decreed at the Imperial Palace of the Cape the 1st August, 1805, second year of the Independence of Hayti and of our reign the first.

DESSALINES.

By the Emperor,
the Secretary-General,
JUSTE CHANLATTE.

A PROCLAMATION.

WHEREAS, the time limited for admission of provisions and lumber into the different ports of this colony, from the United States of America in foreign vessels, will expire on the ninth day of October next. AND WHEREAS, it appears necessary and expedient that the admission of such provisions and lumber from the said United States in foreign vessels, as aforesaid, should be allowed for the space of three months, I have therefore thought fit, by and with the advise of his Majesty's honorable council of these islands, to issue this my proclamation, permitting and allowing the importation of corn, all sorts of grain, pulse, flour, bread, rice, every species of salted provisions, cattle and live stock of all kinds, and all sorts of lumber, into the ports of Nassau, Exuma, Turk's Islands, St. George and Crooked Islands, as well in neutral as British vessels, for and during the space of three months, to be computed from the said ninth day of October next: And I do hereby give notice, that if any other articles except those particularly above enumerated, are attempted to be introduced from the United States of America, in American bottoms, measures will be taken for the forfeiture of the ship or vessel, importing the same, and of the goods so imported, in contravention of the laws of navigation.

GIVEN under my hand, and the seal of the said islands, at Nassau, in the island of New Providence, this sixteenth day of September, in the year of our Lord one thousand eight hundred and five, and in the forty-fifth year of his majesty's reign.

CHARLES CAMERON.

By His Excellency's command,
JOHN M'CARTNEY,
Deputy Secretary.

Notice is hereby given, that the subscriber finds himself under the disagreeable necessity of prohibiting in future all seine hauling at Kit's Point, or at any other landing of St. Inigo's manor without express leave obtained from the subscriber or his agent Joseph Daffin, living in St. Inigo's Neck. The many trespasses already committed on the landings and property render this prohibition positively necessary. The subscriber in consequence will prosecute any person or persons against whom trespass may be proved after the present date as the law in such cases directs. He extends the same prohibition to St. George's island as a part of St. Inigo's Manor.

Signed FRANCIS NEALE.
