## Twenty Dollars Reward.

WILL be given for apprehending and securing in jail a young Mulatto man slave named ANDREW. He was hired by me last year to Mr. Joseph Thomas who keeps the [illegible] ferry to Alexandria, and absconded from that place about the latter end of August last. He is about 23 years of age, 5 feet 8 or 9 inches high, lusty and well made, has short curly hair and is frequently subject to have several large pimples on his face. He is reckoned to be a sensible fellow of an easy agreeable address for a man in his low sphere of life. As he has not been heard of by me since his elopement, I suspect he has had the address to ship himself as a freeman on board some vessel either at Alexandria or Baltimore. Whoever takes him up and secures him in jail shall receive from me the above reward, as soon as due information thereof is given to me or to Dr. N. P. Causin at Port Tobacco.

## Iron Works and Mills FOR SALE.

THE Subscribers will sell by private bargain those valuable iron works, mills and mill seats, situate at or near the mouth of Anti Eatum creek in Washington county, Md. within less than half a mile of Potomac river, together with all the lands in Md. thereunto belonging, supposed to be between 7000 and and 8000 acres, a sufficient quantity of which, for the use of the works, is rich grass land. Also, all the negroes, (several of whom are skilful forgemen) stock, and other property, personal or mixed, appertaining to the said estate. Also, all the property in Virginia belonging to the same, consisting of a small tract of land on the river nearly opposite to the iron works of Denton acques, which is known to contain iron ore in abundance—a part of the Keep Tryste Ore bank lately recovered, which is distant from the furnace at the Anti Eatum works about four miles. Several lots in Shepherd's town, improved and unimproved; with the rights of the company, (which though now only conditional will be made complete) to the ferry across Potomac below Anti Eatum, and the farm to which the same is annexed, containing between 130 and 200 acres of very good land—together with all rights and privileges to other ores, landing places, and conveniencies held and claimed by the late firm of Richard Henderson, and Co. making in the whole one of the most valuable estates in America for carrying on iron works of every kind, and for the manufacturing of flour on an extensive scale by a mill, lately built and now in complete order for that purpose, from which the Potomac canals give water carriage to the towns below, the land carriage to George Town being not more than 60 miles, and for an advantageous sale of iron, the very populous country and towns near the works afford a ready market.

Possession may be had on the 1st of January next, or at any reasonable time thereafter. For further description of the property, and of quality and quantity of lands with title papers, any person disposed to purchase is referred to Mr. John Ritchie at the works; and for terms of sale to James M. ## 20 DOLLARS REWARD.

RANAWAY from the subscriber about the latter part of December last a negro man named LEWIS about 4 or five and thirty years of age. He is very black, about 5 feet four inches high and rather slender made, when interrogated he has a considerable impediment in his speech and discovers much confusion. He had on when he went off a short coat of bear skin cloth very much worn, and a pair of long breeches, of white planes—he was seen the first of January in the county of Fauquier enquiring the way to the city of Washington where if he gets he will probably attempt to pass as a free man, though being very ignorant it is likely his tale will not be a plausible one. The above reward will be given for securing him in any jail so that I get him again and all reasonable charges paid if brought to me.

## A BARGAIN.

THE subscriber offers for sale the farm he now occupies, containing near 300 acres with or without the stock thereon.

It is distant from the cities of Georgetown and Washington, about five miles, and well known as a healthy situation. There is much fine fruit thereon, and abounds with springs, affording as good water as in the United States, a considerable proportion of the land has been in clover, and from thirty to forty acres fit for the scythe the ensuing summer. It is now in a very improving state, being altogether clear of broom sedge, and from 40 to 60 acres ploughed and prepared for a spring crop, and from 30 to 40 acres well set with wheat and rye—some part of the land is calculated for tobacco; and plaster of paris answers well with it all. The dwelling house and other improvements may with small repairs, be rendered very comfortable—From its vicinity to two growing cities, many advantages result in supplying the markets. A purchaser may calculate on a good bargain, particularly if an early application be made. Some part of the purchase money will be required in cash or approved negotiable paper: the remainder rendered easy—or negroes received in payment. The subscriber or William nearly residing on the farm will shew it when required, and the terms made known by application to *Mr. John Thompson*, George Town, or Dr. WM. THORNTON, Washington.
