Valuable Seats for Iron Works.

THE fubfcriber offers for fale between Five and Six Thoufand acres of Land bounded on one fide by James River, including big and little Owen's Creek, and fituate in Amherft county in the ftate of Virginia. This land is in the midft of a well and thick fettled country, about 100 miles above the city of Richmond. There are not more than 30 acres of it cleared. The remainder is heavily timbered—confifting of large pines, white oaks, poplar, black walnut and chefnut. On Big Owens creek, and within 600 yards of James river, which is navigable for boats at all feafons of the year—there is an excellent fite for any kind of water works. The ftream is rapid and conftant, and about three miles from the feat are, as it is believed inexhauftible banks of Iron ore, which the fubfcriber has fecured and which will be fold with the land. This ore has been tried and proved to be of a very fuperior kind. The land adjoining the feat is of excellent quality. Two hundred acres of timothy meadow might be made on the creek. The upland although hilly in places is well adapted to fmall grain, and a great proportion of it fuitable to the raifing of tobacco. Immediately around the fite for water works are inexhauftible LIMESTONE Quarries, together with great quantities of the beft building ftone. In fhort there are many advantages combined to render this a moft eligible fpot for the erection of iron works, or any other kind of water works. It is deemed unneceffary to fay more concerning this property than to requeft thofe who incline to purchafe to view it. It will be fhewn by captain Henry Halloway in the neighborhood. The price will be moderate, terms of fale, which will be made very eafy, will be made known on application to the proprietor refiding in Georgetown diftrict of Columbia.

NATHAN LUFBOROUGH.
