A general account of

GEN. MIRANDA'S EXPEDITION,

Including the trial and execution of Ten of his Officers,

And an account of the imprisonment and sufferings of his officers and men who were taken prisoners,

UPON the authority of a person, (a Printer residing in New York) who was an officer under Miranda; who was taken and condemned to ten years imprisonment, and who, after suffering nearly two years, effected his return home. This is an interesting pamphlet, alike so to the federal republican and the republican. It is a plain narrative of facts, (though some of them may be false facts) it partakes not of the marvelous, the whole appears credible. The proprietor hopes the sale will soon prove sufficient to indemnify its publication, and afford something towards the relief of the captives.

To be had at the Book store of

PROPOSAL,

By JOSEPH MILLIGAN,
George Town,
For publishing by Subscription,
ADELINE MOWBRAY;
OR
THE MOTHER & DAUGHTER:
IN TWO VOLUMES.
By MRS. OPIE.

CUSTOM, and perhaps propriety, have rendered it necessary to bespeak the favorable opinion of the public to a new book: but the writings of Mrs. Opie have long held such an undisputed claim to excellence, that nothing more seems necessary than to point out the leading object of the present very interesting tale, to recommend it to general patronage.

Those who have attentively read the writings of Mr. Godwin, well know, that however correct his abstract positions, and however logical his deductions may be—still they are, in many instances, by no means suited to the actual state of society. His opinions on the matrimonial engagement would, if generally adopted, infallibly destroy those bonds which are at once the most efficacious restraint upon licentious passion, and the best, nay the only security for domestic happiness. To counteract his fatal theory appears to be the principal design of the work now offered—in which the characters are so well supported, the incidents arise so naturally from the situations in which they are placed, the reasoning is so perfectly just, the whole narrative so beautifully pathetic, and the impression which it is calculated to produce on every ingenuous mind, so favorable to the cause of morality, that the publisher confidently anticipates its meeting the same universal applause in this country which it obtained in England.

CONDITIONS.

To those who may subscribe before the first of October next, the price will be seventy-cents per volume, in boards, after which it will be advanced to eighty-seven and a half cents per volume.
