Physician, from Bayonne, and maker of many Medicines approved by physicians of Paris, and latterly by the Medical Faculty of Havanna; amongst which, are

An Anti syphilitic Medicine extracted from the juice of vegetables, which roots out the Venereal Virus with certainty. Some physicians have regarded vegetables as insufficient to combat this virus; but partial hypotheses are of no weight against daily proofs of numbers who attest the efficacy of certain vegetables and their superiority over mercury, especially when the latter is badly administered. Those persons who are afflicted with Venereal complaints, or who fear the consequences of some internal poison ought not to play with their constitution. Some of the consequences of the remains of an ill-cured complaint, are impurities of the blood or other fluids, are the Scrophula, King's Evil, Scurvy, Leprosy, Cancers or Rheumatism.

The Rectified Spirit of Vegetables is an Elixir which has the property of re-establishing the disordered part of the frame and imparting thereto a moderate and lively heat. It cures Falling sickness, the Apoplexy, Palsy, Dizziness, Gangrene, Madness, Faintings, and in general of all weaknesses.

He has also new remedies for curing the Consumption by a moist fumigation of Vegitables or Vapor Baths.

The subscriber offers for sale that elegant and valuable estate, called WILTON, lying nine miles below Richmond. The dwelling house is not inferior to any in the state; the offices are commodious; the garden and yard are handsomely laid out. The situation combines so many advantages, that I am unwilling to give a description of it, wishing any gentleman who is disposed to purchase, to come and view it. It may not be amiss however to observe, that James river runs 100 yards from the door of the house, that vessels of five hundred hogsheads have loaded at Warwick, one mile above it, that the water carriage to Richmond is only six miles, that there is a good shad and herring fishery, and that wild fowl are frequently procured. A small GRIST MILL is attached to it on a stream that runs through the plantation.

—ALSO—

2000 ACRES OF LAND,

Lying on Fighting Creek, Powhatan county, two miles from the Court House, which will be divided into two or more lots to suit purchasers. This land is well watered and calculated for the culture of wheat, corn and tobacco.

TO BE SOLD AT PUBLIC AUCTION,

AT Northumberland court-house, in the county of Northumberland, and state of Virginia, on Tuesday the 5th of September next, at 11 o'clock in the forenoon, five contiguous plantations, amounting together to about 2,700 acres, situate on the river Potomac, and within about three miles of the court house. These estates formerly belonged to Presley Thornton, Esq. and are the same on which he lived. They have never been seen by either of the subscribers, but it is understood, that about 1700 acres of them are as valuable low grounds as any on the river, and a considerable part thereof heavily timbered. The uplands consist of about 1000 acres, and the whole is well calculated for the production of corn, wheat, tobacco, timothy and small grain of all kinds, in great abundance. The waters are said to abound with excellent fish, oysters and wild fowl. The water carriage is easy and convenient to Norfolk, Baltimore, Alexandria and the city of Washington; and as these estates possess several good mill seats, with an abundance of water and a plentiful supply of timber, they must be very valuable.

The premises will be shewn to persons inclining to purchase, by col. James Moore, who lives on them, or by Samuel Blackwell, Esq. who lives near to them; and the terms of payment may be known a sufficient time before the sale, by applying to either of them, or to THOMAS ROBINSON,

Near Chester, Delaware,

Or to W. LEWIS, at Phila.

LAND TO SELL OR EXCHANGE

I AM desirous to sell or exchange for lands lying below the Blue ridge, about 4000 acres of old Military land, situated in the county of Mason, state of Vrginia, on the river Ohio, about 8 miles from the mouth of the Great Kanhawa. Half of the above quantity is rich river bottom unsubject to freshes, and on which from 60 to 100 bushels of Indian corn has often been made to the acre. On a part of this land, intended to form a farm of 700 acres, and near the bank of the river, has lately been erected a single story framed dwelling, 40 feet by 20, with a stone walled cellar under the whole, rising 4 feet above the surface, which with little alteration might be made agreeable summer rooms. I will take for this land, as well as for a third part of 2000 acres on Kentucky river, and a third part of a military survey, in the forks of the Ohio and Tennessee, both valuable tracts all kinds of public securities or exchange as above.

VALUABLE FARM AND LOTS *FOR SALE.*

WILL be sold at public sale, on the first Monday in October next, if not previously disposed of, that valuable farm in Prince George's County, Maryland, known by the name of ST. OSYTH.

ST. OSYTH contains by estimation seven hundred and fifty acres of Land, between seventy and eighty acres of which are meadow, now fit for the scythe, and capable of being made to produce an hundred tons of hay at a crop—about two hundred and fifty or three hundred are in wood and timber, and the residue arable. No place perhaps in America, can be better watered or more healthy. The improvements consist of a dwelling house, two stories high, forty-two feet long by thirty-six wide, with a passage through the middle, three rooms below and four above, with a garret the whole size of the house, a kitchen and laundry under the same roof, two stories high, with two large rooms above for servants, a meat house, wash house, corn house and granary, a large tobacco house which may very easily be converted into a barn, a productive garden and pigeon house, and a young thriving orchard of excellent fruit and of great variety from Prince's nursery on Long Island. The enclosures are new and in good order. Upon the same property and within a quarter of a mile is a small dwelling house with three rooms below and two above stairs, a kitchen, meat house and barn. This place at a small expence may be easily fitted up and made a most comfortable house for a small family. St. Osyth lies within four miles of the city of Washington, and about the same distance from the nearest ferry to Alexandria. If sold at private sale the lowest price for this valuable property is ten pounds an acre. A further description of the property is deemed unnecessary as those inclined to purchase will doubtless come and see it. The terms of sale may be known on applying to the subscriber living on the premises, Col. Sam Hanson of Washington, or Dr. Wm. Baker, George Town.

On the same day, if not before by private sale disposed of, will be sold the negroes, stock, etc. attached to the estate of the late O. Carr, deceased. The negroes will be sold for a term of years.

SPINNING & WEAVING.

JOHN GEORGE BAXTER,

OFFERS for SALE his, "Improved Patent Family Machine," with six Spindles, for spinning Flax or Hemp Yarn, from six dozen cuts in the pound, to six pounds in the dozen.

The simplicity of the construction of this Machine is such, that competent judges* have delared it as "little likely to go out of order or require repair as any machine they have seen."

Another important advantage of this simplicity of construction is, that Yarn of any fineness may be spun on it by any person having strength and skill sufficient to turn a Coffee Mill or a Grinding Stone.

Its superiority over the ordinary family modes of Spinning is not however confined to the advantages of not requiring repair, or of being capable of being worked by any unskilled hand, but principally in the *quantity of work* which it is able to execute. This fact is incontrovertibly established by the deposition of *Charlotte Mills*, aged 13 years who has sworn "that on the 7th day of this month between the hours of 7 o'clock in the morning and 9 in the evening, she spun nine dozen of Flax Yarn, on six spindles, for coarse cloth."

The Machines will all be warranted. The price SIXTY DOLLARS, payable on the delivery of the Machine.

J. G. Baxter, makes Six Spindle Machines on the same principle for Spinning Cotton and Wool.

J. G. B. also makes LOOMS on an improved plan with harness, steel reeds and fly shuttles for weaving Linen or Hempen cloth of any fineness. Some idea of the superiority of these Looms may be formed on a knowledge of the fact that on one of them "Helen Elliott, did actually weave six pieces of Cotton Bagging, containing between three hundred and sixty and seventy yards in the course of one week."†

Those who contemplate the establishment of Baxter's Machinery for Spinning and Weaving shall have his good offices toward procuring them a woman from his own Manufactory well acquainted with the business.

An experience of 30 years in the manufacturing of Flax and Hemp and a considerable experience in Cotton, enables J. G. Baxter confidently to offer his services for the erection of any machinery connected with those articles, from one to any number of Spindles and to be worked by any known power.

The Machinery may be seen at work, and its principles explained at the Spinning and Weaving Manufactory, Blockley township, Philadelphia county, at which place, or at the counting-house of Mr. *Henry Orth*, or at the Office of the Democratic Press, orders will be received.

☞ The Certificates and Depositions abovementioned are left at the office of the Democratic Press.

Philadelphia, March 11, 1809.

*** The Editors papers friendly to the encouragement of our own Manufactures will do a public service by giving the above a few insertions.

Circuit Court, District of Columbia, County of Washington—June Term, 1809.

Richard Soderstrom, vs. Samuel Goodman, George Little and Josiah Quincy. } In Chancery.

THE object of the bill filed in this case, is to compel Samuel Goodman to pay to the complainant the sum of money alleged by the bill to be due to the complainant for a judgment obtained against the said Goodman in the island of St. Thomas', and the amount of commissions and expences due to said Soderstrom from said Goodman, and for monies disbursed by said Soderstrom for and on account of said Goodman. The bill states, that a decree in the supreme court of the United States was rendered in favor of said Goodman against said Little for a large sum of money on account of the capture of the brig Flying Fish and her cargo, the property of the said Goodman, a Danish Burgher of the Island of St. Thomas, by the said Little, commander of the United States ship of war, the Boston. That the said Little, after the decree was pronounced, petitioned and obtained from the United States a sum of money to cover said decree, and to be specifically applied to the payment thereof. That the said money was received by Josiah Quincey, the attorney of said Little, and sufficient to satisfy the complainants demands, has been stopped and enjoined in the hands of said Quincy, out of which the complainant demands to be satisfied his claims, and it appearing to the satisfaction of the court, that the said Little and Goodman respectively reside out of the district of Columbia and jurisdiction of this court. It is therefore ordered by this court, that the said Little and Goodman respectively be and appear in this court in person or by solicitor, on or before the fourth Monday of December next, to shew cause why a decree should not be passed as prayed, and that this order be published for four successive weeks in the National Intelligencer and United States Gazette before the first day of August next.
