TO BE SOLD AT PUBLIC AUCTION,

AT Northumberland court house, in the county of Northumberland, and state of Virginia, on Tuesday the 5th of September next, at 11 o'clock in the forenoon, five contiguous plantations, amounting together to about 2,700 acres, situate on the river Potomac, and within about three miles of the court house. These estates formerly belonged to Presley Thornton, Esq. and are the same on which he lived. They have never been seen by either of the subscribers, but it is understood, that about 1700 acres of them are as valuable low grounds as any on the river, and a considerable part thereof heavily timbered. The uplands consist of about 1000 acres, and the whole is well calculated for the production of corn, wheat, tobacco, timothy and small grain of all kinds, in great abundance. The waters are said to abound with excellent fish, oysters and wild fowl. The water carriage is easy and convenient to Norfolk, Baltimore, Alexandria and the city of Washington; and as these estates possess several good mill seats, with an abundance of water and a plentiful supply of timber, they must be very valuable.

The premises will be shewn to persons inclining to purchase, by col. James Moore, who lives on them, or by Samuel Blackwell, Esq. who lives near to them; and the terms of payment may be known a sufficient time before the sale, by applying to either of them, or to THOMAS ROBINSON,
Near Chester, Delaware,
Or to W. LEWIS, at Phila.

A GREAT BARGAIN OFFERED

FOR fourteen thousand dollars. I will sell seven hundred acres of Rich Land lying in Calvert county, State of Maryland, beautifully situated on the banks of the river Patuxent and Saint Leonard's Creek, within one easy day's sail of the Baltimore market, and four miles from Saint Leonard's Town post-office.

This Land has on it a commodious two story brick mansion house, lately erected, of the very best materials, with a dry cellar under the whole house, eight good rooms and a large garret—also, kitchen, corn house, stables, two very large barns and many other out-houses all in good repair, and would divide very handsomely into two farms. The soil is equal to any in the state for the culture of Indian corn, tobacco, wheat and clover, and no farm on the river can boast of more constant running springs of water, or better grazing land—about four hundred acres are the most valuable kind of low grounds on the river, the remainder is wavy high Land, very productive, on which stands a plentiful supply of fine red cedar for fencing, oak, hickory and pine for firewood.

The waters here abound in the best of oysters, fish, and wild-fowl—the neighborhood is healthy, genteel and agreeable.—I will sell the growing crop on the land, furnish hands, &c. to finish the same—also, a good stock of black cattle, horses, sheep and hogs—and give a long credit on two thirds of the purchase money, the interest to be paid annually—the remaining third part thereof must be cash—possession may be had immediately.

HENRY GARDINER.

St. Leonard's, Calvert County, July 24—w6

Any person taking up said Negro and bringing him to the subscriber, or securing him in jail, so that I get him again, shall receive the above reward.

This Negro was purchased of Capt. J. S. Brooks about five years since; it is probable he may be in the neighborhood of Upper Marlborough.

BY HIS EXCELLENCY,
EDWARD LLOYD, ESQ.
GOVERNOR OF MARYLAND,

A PROCLAMATION.

WHEREAS it has been officially represented to me that a certain *Thomas Burk*, who has lately been sentenced by the judges of Washington county court, to suffer death, for a Rape committed on the body of Catharine Maria Brawner, an infant under the age of 12 years, made his escape from Washington county jail, on the evening of the 4th July inst. And whereas it is obviously the duty of the Executive, in the execution of the laws, to bring all malefactors to justice—I have therefore thought proper to issue this my proclamation, and do by and with the advice and consent of the Council, offer *Three Hundred Dollars Reward* to any person or persons who shall apprehend and bring to justice the said Thomas Burk.

Given under my hand and the seal of the state of Maryland, this 15th day of July, in the year of our Lord 1809, and the independence of the United States of America, the thirty-fourth.

EDWARD LLOYD.

By his excellency's command,
NINIAN PINKNEY,
Clerk of the Council.

Ordered that the foregoing proclamation be published twice in each week for the space of six weeks, in the American and Federal Gazette at Baltimore, the Maryland Gazette and Maryland Republican at Annapolis, the National Intelligencer, the Maryland Herald at Hagerstown, Bartgis's paper at Fredericktown, and in the Star at Easton.

By order,

SPINNING & WEAVING.

JOHN GEORGE BAXTER,

OFFERS for SALE his, "Improved Patent Family Machine," with six Spindles, for spinning Flax or Hemp Yarn, from six dozen cuts in the pound, to six pounds in the dozen.

The simplicity of the construction of this Machine is such, that competent judges* have declared it as "little likely to go out of order or require repair as any machine they have seen."

Another important advantage of this simplicity of construction is, that Yarn of any fineness may be spun on it by any person having strength and skill sufficient to turn a Coffee Mill or a Grinding Stone.

Its superiority over the ordinary family modes of Spinning is not however confined to the advantages of not requiring repair, or of being capable of being worked by any unskilled hand, but principally in the *quantity of work* which it is able to execute. This fact is incontrovertibly established by the deposition of *Charlotte Mills*, aged 13 years who has sworn "that on the 7th day of this month between the hours of 7 o'clock in the morning and 9 in the evening, she spun nine dozen of Flax Yarn, on six spindles, for coarse cloth."

The Machines will all be warranted. The price SIXTY DOLLARS, payable on the delivery of the Machine.

J. G. Baxter, makes Six Spindle Machines on the same principle for Spinning Cotton and Wool.

J. G. B. also makes LOOMS on an improved plan with harness, steel reeds and fly shuttles for weaving Linen or Hempen cloth of any fineness. Some idea of the superiority of these Looms may be formed on a knowledge of the fact that on one of them "Helen Elliott, did actually weave six pieces of Cotton Bagging, containing between three hundred and sixty and seventy yards in the course of one week."†

Those who contemplate the establishment of Baxter's Machinery for Spinning and Weaving shall have his good offices toward procuring them a woman from his own Manufactory well acquainted with the business.

An experience of 30 years in the manufacturing of Flax and Hemp and a considerable experience in Cotton, enables J. G. Baxter confidently to offer his services for the erection of any machinery connected with those articles, from one to any number of Spindles and to be worked by any known power.

The Machinery may be seen at work, and its principles explained at the Spinning and Weaving Manufactory, Blockley-township, Philadelphia county, at which place, at the counting-house of Mr. *Henry Orth*, or at the Office of the Democratic Press, orders will be received.

☞ The Certificates and Depositions abovementioned are left at the office of the Democratic Press.

Philadelphia, March 11, 1809.

*** The Editors papers friendly to the encouragement of our own Manufactures will do a public service by giving the above a few insertions.

* *See the certificate of Mr. John Meer and Mr. Patrick Lyon.*

† *See the deposition of Helen Elliott.*

☞ The Editor of the Richmond Enquirer is requested to publish the above advertisement for three months—and the Editor of the National Intelligencer once a week for three months, and forward their bills for payment to Philadelphia.

The subscriber offers for sale that elegant and valuable estate, called WILTON, lying nine miles below Richmond. The dwelling house is not inferior to any in the state; the offices are commodious; the garden and yard are handsomely laid out. The situation combines so many advantages, that I am unwilling to give a description of it, wishing any gentleman who is disposed of purchase, to come and view it. It may not be amiss however to observe, that James river runs 150 yards from the door of the house, that vessels of five hundred hogsheads have loaded at Warwick, one mile above it, that the water carriage to Richmond is only six miles, that there is a good shad and herring fishery, and that wild fowl are frequently procured. A small GRIST MILL is attached to it on a stream that runs through the plantation.

WILL be sold at public sale, on the first Monday in October next, if not previously disposed of, that valuable farm in Prince George's County, Maryland, known by the name of ST. OSYTH.

ST. OSYTH contains by estimation seven hundred and fifty acres of Land, between seventy and eighty acres of which are meadow, now fit for the scythe, and capable of being made to produce an hundred tons of hay at a crop—about two hundred and fifty or three hundred are in wood and timber, and the residue arable. No place perhaps in America, can be better watered or more healthy. The improvements consist of a dwelling house, two stories high, forty-two feet long by thirty-six wide, with a passage through the middle, three rooms below and four above, with a garret the whole size of the house, a kitchen and laundry under the same roof, two stories high, with two large rooms above for servants, a meat house, wash house, corn house and granary, a large tobacco house which may very easily be converted into a barn, a productive garden and pigeon house, and a young thriving orchard of excellent fruit and of great variety from Prince's nursery on Long Island. The enclosures are new and in good order. Upon the same property and within a quarter of a mile is a small dwelling house with three rooms below and two above stairs, a kitchen, meat house and barn. This place at a small expence may be easily fitted up and made a most comfortable house for a small family. St. Osyth lies within four miles of the city of Washington, and about the same distance from the nearest ferry to Alexandria. If sold at private sale the lowest price for this valuable property is ten pounds an acre. A further description of the property is deemed unnecessary as those inclined to purchase will doubtless come and see it. The terms of sale may be known on applying to the subscriber living on the premises, Col. Sam. Hanson of Washington, or Dr. Wm. Baker, George Town.

TO PRINTERS.

THE Editor of the Monitor, having ascertained that his subscription was not sufficient to sustain the expence of his establishment, has been compelled to relinquish it. To the very few who have, from the punctuality of their payments, exceeded in amount what was actually due, the balance will be refunded as occasion may offer; and the many who are in arrears for small sums, are solicited for speedy payment. In the mean time, to enable the Editor of the Monitor to discharge debts incurred in the course of publishing his paper, and as he will relinquish the printing business, he offers his printing materials for sale. They consist of a very snug office, for any person disposed to institute a paper in a country town, or elsewhere. Independent of a press, a fount of Small Pica, of Long Primer and English, Roman and Italic, (the two latter nearly new) there are stands, cases, brass and other gallies, excellent brass column rules, good composing sticks, chases, ink and balls, every thing, in short, so that a publication in the newspaper way may be set on foot at once, without delay. They will be sold at a fair valuation price by two disinterested persons of the profession, for cash, or notes at sixty days, with approved endorsers, residing in Washington. The articles may be seen by applying to the Editor of the late Monitor, at his residence in F street, corner of eleventh, city of Washington.—Application by letter from a distance, should have the postage paid.
