More used than any other face-cream in America
Pond's Extract Company's Vanishing Cream

Flakes as delicate as the rarest laces you have!

The fine old laces you have kept so carefully, have grown—if you are *quite* truthful!—very, very dirty! You are afraid to trust them to soap and water, lest the fragile threads break, *or* the laces thicken!

The why and how of keeping laces lovely

It is rubbing—and putting soap directly on laces that ruin them.

With Lux, you can wash them often.

The dainty flakes dissolve instantly. Even the slightest rubbing is unnecessary. The rich Lux lather dissolves the dirt in a few minutes, while you are gently moving the laces about in the suds.

There are no bits of soap to stick to the fabric through all the rinsings.

Use Lux on anything that you would trust to pure water alone.

Order Lux today from your grocer or from any department store. Lever Bros. Co., Cambridge, Mass.

How to wash lace

Throw a handful of Lux into boiling hot water. Whisk into a thick lather. When cool enough for the hands to bear, put the lace in and let it stand in the suds. Do not rub. The lace may be gently squeezed or dipped up and down unless very tender. In this case let it stand in the suds. Rinse in water the same temperature. Do not starch.

If the lace is frail, before washing, it should be basted on a piece of shrunken cheesecloth which may be pulled taut and pinned for drying. Otherwise, it should be carefully pulled, every point pinned into shape and left until dry. This leaves the lace flat and makes ironing unnecessary.
