"It will not break"

In the home this winter this new, handsome vacuum bottle will not break even if it should fall from a table

A Christmas Gift that will be useful the year round

The new vacuum bottle that will never break

"WHAT shall I give the Smiths?"
"What shall I give John for Christmas?"

Do you know that there is a new vacuum bottle that keeps hot liquids hot and cold liquids cold, but will not break?

In the home this winter, on motoring trips next spring, summer and fall—a vacuum bottle is a thing of constant, all-year-round usefulness.

The Stanley Ferrostat Vacuum Bottle is the only vacuum bottle that will not, *can not*, break. No worry about dropping it on the floor. No danger from cracking with boiling liquids. No glass to break. No refills to buy. The Stanley is made of *steel*. It is lined with blue Amalite, a flexible material with a surface like porcelain. There are no cracks, seams, or crevices in the Stanley bottle into which liquid may penetrate.

How one man solved his Christmas problem

A well-known American sportsman, after using a Stanley for several months, was so pleased with it that last Christmas he gave away fifty Stanley Bottles to his friends. Seventy thousand Stanleys are already in use. Naturally, the initial cost of the Stanley is higher than other vacuum bottles. But there is no cost of upkeep or refills for the Stanley—the first cost is the last cost.

Give your friends a gift they will appreciate all year 'round.

The Stanley Bottle is sold by all the best department, drug, sporting goods, hardware, jewelry and automobile accessory stores. Get one at your dealer's today. Stanley Insulating Co., 43 Exchange Place, New York.

To take on the camping trip next summer the Stanley is the vacuum bottle that can be treated rough. This new bottle can always be depended upon, for it is made of steel

On the picnic, if the Stanley falls it will not

The HARDMAN FIVE-FOOT GRAND

Tetrazzini says—
"I am again delighted to be able to use your perfect instrument on my forthcoming transcontinental tour in America during the season of 1919-1920. It has always given me thorough satisfaction."

Such measure of artistic appreciation from this gifted coloratura is reason enough why your piano should be a Hardman Five-foot Grand.

The end of a perfect dinner

Housewives who cater to delicate tastes at the end of the feast make dining an art—

- nut meats brightened with crumbles of "Philadelphia" Cream Cheese
- or Castle Brand Camembert, peer of banquet cheeses—mellow as cream and pungently rich—
- or Tasty Cheese, piquant, delicious—spread on crisp crackers.

All of them bearing the trade mark which cheese lovers know. Insist that your dealer give you cheese marked "Phenix."
