An innovation in alarm clocks—A "Precision" Reminder.

No other clock like the WIZARD. The WIZARD will do what no other clock can do: it will alarm with loud ring or signal with soft buzz as desired. Its computing bezel precision feature alone opens up a field of usefulness for the WIZARD beyond the sphere of any other alarm clock. It will notify at any predetermined time minutes or hours away, always at the exact minute. It will set from the face instantly for any fractional interval and alarm stop and reset automatically when computing bezel is turned for another "minute" interval.

The WIZARD is the most useful alarm clock on the market. Price \$3.50. If your dealer cannot supply you we will. Postage prepaid on receipt of price. Tested and Endorsed by Tribune and Good Housekeeping Institutes.

ALL HOUSEHOLD APPLIANCES ILLUSTRATED ON THIS PAGE HAVE BEEN TESTED AND APPROVED BY THE TRIBUNE INSTITUTE

DETAILED DESCRIPTIONS OF ALL THESE UTENSILS ON PAGE 6, PART IV.

REZ NOR GAS HEATER. Made by the Reznor Mfg. Co., Mercer, Penn. A gas heater that will warm the room without giving its occupants a headache is a distinct addition to the household furnishings. The Reznor does this because the burners give the yellow or illuminating flame which burns without fumes. But it heats just the same; the polished copper reflector is a miniature sun. Price of Heater No. 4, \$6.

THERMATIC FIRELESS COOKER. Made by the Diller Mfg. Co., Bluffton, Ohio. For cooking convenience and reliability this special type of fireless cooker is a favorite with experts. It comes in three sizes, with one, two or three cooking compartments. The smallest cooker is described on the Institute page; the second size, with two compartments, is illustrated here. Prices on application to the manufacturer.

SIMPLEX ELECTRIC HEATING PAD, NO. 682. Made by the Simplex Electric Heating Company, Cambridge, Mass., and New York. Answers all the purposes of a hot water bag, but eliminates the danger of an unexpected bath in the still watches of the night. A rubber bag, however flawless its integrity, is bound to burst some time; a metal bottle at best is unsympathetic. But a soft, flexible pad, that will stay at any desired temperature as long as you want it and will neither burst nor burn, is an oblong bunch of bliss. Price \$6.50.

NO-SLIP CLOTHESLINE HOLDER. Made by Fischer Bros. & Corwin, 238 South St., Newark, N. J. Study closely this little metal contrivance and you will see how safely it holds a clothesline from sagging and how easily a wet, shrunken line can be untied and taken down. It is a simple little affair and very cheap, but it does the work. Price 10 cents.

SELECTA PAN LIFTER. Made by the Selecta Syndicate, 130 Fifth Street, Long Island City, N. Y. The secret of this pan lifter's peculiar efficiency is the shovel-shaped support that steadies a heavy pan as it is taken from the oven. The broad firm handle helps, too, because it allows a satisfactory grip, but without the extended support it would be impossible to lift large and heavy pans. Price (steel), 25 cents; (nickel plated), 50 cents.

EDEN ELECTRIC SUCTION CLEANER. Made by the Brokaw-Eden Mfg. Co., Alton, Ill., and New York. This electric suction cleaner is light enough for a woman to operate and small enough to worm its way into dusty corners and to crawl under furniture seven inches from the floor. It has a "werry good power o' suction," and also owns a brush inside the nozzle to gather in any stray threads. Price, \$25 Extra attachments for cleaning walls and furniture., \$5 and \$7.50.
