SIMPLEX ELECTRIC CHAFING DISH, No. 1205. Made by the Simplex Electric Heating Co., Cambridge, Mass., and New York. This is merely a plain, straight, efficient chafing dish; very good-looking and versatile as most of its kind. It can be used with the power from a lamp socket and a sliding switch gives three heats. Price \$17.00.

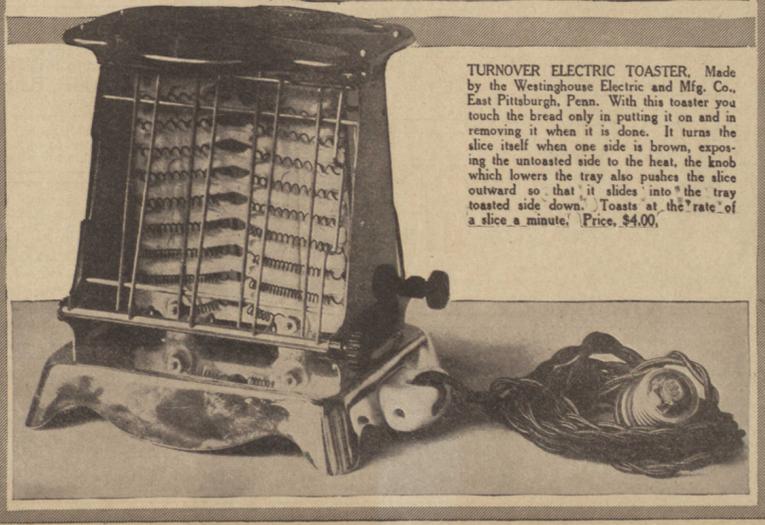

CURRENT TAP, NO. 96. Made by the Benjamin Electric Mfg. Co., Chicago and New York. If you want to heat some milk or water, or to do a bit of necessary pressing some night in your room and there is only one electric light, it is usually a choice between doing things in the dark or leaving them undone. The Current Tap solves just this problem. Price 65 cents.

PLUG CLUSTER, NO. 92. Made by the Benjamin Electric Mfg. Co., Chicago and New York. Attach this device to the ordinary lamp socket and it will give you two, three or four lights in place of one. Price 75 cents to \$1.25.

SILEX COFFEE FILTER. Made by The Silex Co., 45 High Street, Boston, Mass. This glass filter comes in two, four, six and eight-cup size and makes most delicious filtered coffee, aromatic as the storied breezes native to Ceylon's isle and bland as the smile of Mr. Pecksniff. Equally valuable in the housekeeping of the forlorn bachelor, the lone woman or the regular family. Easily cleaned with the special brushes that are made for it. Prices from \$4.00 to \$18.

TURNOVER ELECTRIC TOASTER. Made by the Westinghouse Electric and Mfg. Co., East Pittsburgh, Penn. With this toaster you touch the bread only in putting it on and in removing it when it is done. It turns the slice itself when one side is brown, exposing the untoasted side to the heat, the knob which lowers the tray also pushes the slice outward so that it slides into the tray toasted side down. Toasts at the rate of a slice a minute! Price, \$4.00.

An innovation in alarm clocks — A "Precision" Reminder.

No other clock like the WIZARD. The WIZARD will do what no other clock can do; it will alarm with loud ring or signal with soft buzz as desired. Its computing bezel precision feature also opens up a field of usefulness to the WIZARD beyond the sphere of any other alarm clock. It will notify at any predetermined time in minutes or hours away, always at the exact minute. It will set from the face instantly for any alarm stop and reset automatic "Dependable" Clock. The WIZARD is the most useful alarm clock on the market. Price \$3.50. If your dealer cannot supply you, we will. Postage prepaid on receipt of price. Tested and Endorsed by Tribune and Good Housekeeping Institutes.
