Il n'y a pas de talc avec tout-à-fait l'exquis du talc français—il n'y a pas de talc français avec tout-à-fait l'exquis du Talc Djer-Kiss.

—Kerkoff, Paris.

Translation: There is no talc with quite the exquisiteness of French talc—there is no French talc with quite the exquisiteness of Djer-Kiss Talc.

TALC

Very surely it will charm you—this powder so exquisite. In this unusual talcum powder Monsieur Kerkoff has achieved the blending of silken French talc with fragrance Djer-Kiss—fragrance so reminding of dainty Paris. Does not that alluringly appeal to you? In any good shop you will find it.

What Users Say

"I had your Dish Washer invaluable. I cannot say too much for it."
"My wife bought a Dish Washer from you and it is a success. I examined all the dish washers at the Pure Food Show in N. Y. and the Panama-Pacific Exposition and found none equal to yours."
"The Dish Washer came to hand and was at once put to a very severe test, and was found to be everything that could possibly be desired—no well pleased was the 'Missus' that it would require a legal process to remove it."

What THE TRIBUNE says:
The Tribune Institute has thoroughly tested the "Home Helps" Dish Washer and has given it their full endorsement.

What GOOD HOUSEKEEPING says:
The Good Housekeeping Institute has awarded the Star of Approval to this Dish Washer, as well as their full endorsement.

No Dishpan No Towel
Less Water Used Dry Without Wiping
No Greasy Dishwater Saves your Hands

This remarkable device makes its own soap suds which flow through the scrubbing brush while cleaning the grease from the dishes. They are then rinsed by pressing a button and are dried without wiping in the special Dish Dryer which we furnish.
The device is well made and lasting; absolutely sanitary and self-cleaning; uses any soap. It can be quickly attached or detached by a connector which is fastened to and fits any usual household faucet. This connector takes all the splash out of the water when running in the sink the ordinary way. No two dishes are washed in the same water, yet less hot water is used than in the old-fashioned unsanitary dishpan.
