Straightline Silhouette Models in Women's "La Supreme" Corsets

SOLD ONLY BY FRANKLIN SIMON & CO.

By studied proportions and by soft, pliant boning, these corsets attain the straight, youthful lines of grace and fashion.

SLENDER and average figures have been considered in designing this "La Supreme" corset (illustrated at left) by making it a waistline model, and then to make it more comfortable, there is an elastic top with gores of the material to prevent corset from cutting into figure. At back, the lines are long and straight. Of pink broche; size 23 to 30 inches.

THE merits of this "La Supreme" corset (illustrated at right) will appeal to women of medium or full figure and who incline to stoutness. The graduated top with fullness allows of comfort for diaphragm, and the reinforced boning at the back and over abdomen achieves the straight lines which present-day fashions require. Of pink broche; size 24 to 30 inches.

Surface Cars at Door
Subway at 79th St.

Only a few minutes from the Shopping and Theatrical District.

When you go out to dinner of a Thursday or Sunday evening, as many of you do because you don't want to bother with getting meals at home, just come around to the Belleclaire—look over the list of home dishes on the menu—and then select some dish that you haven't had, perhaps since you were kiddies back on the farm. The old-fashioned dishes provided by the Belleclaire will be a revelation to you. In the midst of all the New York whirl for the fanciful and extravagant, it should be personal satisfaction to those of you who prefer simplicity and stability to know that there is ONE PLACE where you can get what you want—cooked and served as you want it.
